Digital India Corporation has been set up by the ‘Ministry of Electronics & Information Technology, Government of India’, to innovate, develop and deploy ICT and other emerging technologies for the benefit of the common man. It is a ‘not for profit’ Company under Section 8 of the Companies Act 2013. The Company has been spearheading the Digital India programme of the Government of India, and is involved in promoting use of technology for e-Governance, e-Health, Telemedicine, e-agriculture, e-Payments etc. The Digital India programme promotes safety and security concerns of growing cashless economy and addresses challenges confronting its wider acceptance. It also promotes innovation and evolves models for empowerment of citizens through Digital initiatives and promotes participatory governance and citizen engagement across the government through various platforms including social media.

Digital India Corporation is currently inviting applications for the following position for covering fixed project duration purely on Contract/ Consolidated basis.
